MAHATMA GANDHI HOSPITAL (MGH)

Mahatma Gandhi Hospital was started in the year 2000 as 300 Beds general and specialty hospital. In Year 2001 it was associated to Mahatma Gandhi Medical College, Jaipur. Bed capacity of the hospital gradually increased to 1450 in last 24 years and now it is Multispecialty and Super Specialty hospital with all qualified and experienced doctors and world class infrastructure and technology.

With the addition of Sri Ram Cancer Centre, which was inaugurated by hon'ble Chief Minister of Rajasthan on March 05, 2019, the hospital has become a favoured centre for cancer treatment and organ transplant surgery in India. All wards of the hospital are air conditioned.

The world - class infrastructure with the state-of-the-art medical equipments and highly reputed and experienced medical consultants / doctors / paramedical staff of MGH provide clinical support to the faculty of medicine resulting into most efficient teaching in the institution.

MGH has a fully developed central diagnostic laboratory which is one of the biggest in the State. MGH provides well-developed, unique services in the field of Advanced Reproductive Techniques (ART), medical and surgical endoscopy and modern blood banking with component therapy. MGH has started its Regional Emergency and Trauma Centre approved for Medico Legal Cases (MLC) along with well - equipped ambulance facilities meant to save lives of the victims of road accidents. The emergency department is well equipped with intensive care therapy, diagnostics, radio-diagnostic including ultrasonography and CT scan, MRI, Haematology, and fully equipped operation theatres manned by eminent professionals and experts round-the-clock.

The hospital always prioritizes the patient's comfort right from appointment booking to discharge. It provides patients with all the necessary information that helps them make their decision faster. The hospital has a website that gives comprehensive information about the doctors, facilities, etc. The key is to empower patients with all possible facilities so that they can have faith in the hospital and its professionals. The hospital has semi electronic system of medical record keeping to retain and provide necessary information in need.

Recently, in year 2024, during National Organ Donation Day, MGUMST celebrated the inauguration of our **new Robotic Surgery System** by Smt. Shubhra Singh, Additional Chief Secretary of Health & Medical Education, Government of Rajasthan. The day was dedicated to honoring organ donors and recipients, and we highlighted our achievements, including 103 liver transplants and over 2,000 kidney transplants from

patients across India. The introduction of robotic surgery represents a significant milestone for us, advancing our capability to offer cutting-edge surgical care. This development not only improves patient outcomes but also gives our postgraduate students valuable exposure in latest surgical technology.

Also recently in year 2024, One of our significant achievements this year has been the commencement of **cyber knife robotic radiotherapy device**, which is a monumental leap forward in offering cutting-edge cancer care to our patients. This initiative not only enhances patient outcomes but also provides our postgraduate students with exposure to the latest technological advancements in surgery.

Focused Leadership

The hospital has dedicated and highly qualified personnel in the topmost positions. Highly trained and senior faculty to perform high skilled procedure is available in hospital. Availability of highly qualified and experienced doctors ensures that patients receive the best care and treatment.
