**MEDICAL SCIENCES & TECHNOLOGY**  
JAIPUR

# **MGUMST GREEN CAMPUS POLICY**

**Approved by the Academic Council in its meeting held on December 24, 2020**

**Mahatma Gandhi University of Medical Sciences and Technology (MGUMST), Jaipur  
reserves the right to modify the above policy as deemed fit from time to time**

### **Vision of the University**

- To develop MGUMST as an Institution of Excellence, at par with Global standards, in the field of healthcare and allied sciences.
- To amalgamate our colleges, departments, students and alumni to impart world class research and education, aimed at making a positive difference in the healthcare at the national and global level.
- To achieve overall development of learners, including character and moral values, by imbibing a culture of inquisitiveness, inclusion, collaboration and innovation.
- To ensure equality amongst diversity in all respects, reflecting the true Gandhian principles, so that everyone gets a fair opportunity and the best of minds and talent may be recognised and allowed to flourish in the ever-changing competitive environment.

### **Mission of the University**

- To develop dynamic, self-dependent and world class Healthcare Institution dedicated in providing the best medical education and clinical treatment.
- To develop the best healthcare practices in the community, with a spectrum ranging from preventive health measures to excellence in tertiary care, with an aim to establish a healthy, disease-free society.
- To enrol students, staff and faculty in various clinical and non-clinical programs based on the principle of merit and impartiality, and without any discrimination of race, sex, non-disqualifying disability, caste, religion, and national or ethnic origin.
- To utilise the latest technology, as well as, to identify the best possible use of upcoming technology such as Artificial Intelligence to predict, prevent and treat various ailments and illnesses before they affect an individual or the community.

## **Green Campus Policy**

- Faculty and students shall conduct studies and plan initiatives for reducing electricity consumption and improving energy conservation in the campus.
- The institute shall set up a working group drawn from active faculty and students interested and working on the agenda of creating green action plan and mainstreaming the sustainable development and climate changes in education.
- Use of solar PV generation shall continue and faculty members and students to identify and explore other methods of green energy usage.
- The institute shall facilitate participatory documentation of its flora and fauna with the help of experts, environmentalists and the student community for whom it would be an educational and sensitization process.
- The green committee shall look in to the various environmental aspects for green technology and green environment. The Performance of waste water treatment, waste recycling, rain water harvesting and other water conservation measures shall also be monitored.
- The objective of the green committee shall be reduce carbon and water footprint, enhance water quality and biodiversity in the campus, and time to time update the green policy.
- The institute shall develop a baseline data on water use, waste generation and disposal, carbon footprints, paper use etc.
- Use of sensors shall be promoted to check optimal performance of installations.
- The organic and inorganic solid waste in the campus shall be collected separately for disposal as per established norms.
- The single use plastic shall be banned in the campus.
- The green and environmental awareness shall be spread to the nearby community as student's extension activities.

### **Restricted entry of vehicles**

- All the vehicles of college staff / faculty members should be getting the emission certification before entering the vehicle in college campus.
- The college encourages the employees and students to frequently use public transport, bicycles, etc. to limit the emissions.

### **Use of Bicycle/battery powered vehicles**

- College uses the Battery-powered vehicles for in – house transport.
- All electricity use within a new building space maximizes the use of renewable energy.

### **Pedestrian-friendly pathways**

- MGUSMT has Pedestrian friendly pathways in all the entire campus.
- Pedestrian friendly pathways are properly marked with suitable logo/sign.

### **Ban on use of Plastic**

- The colleges continuously committed to work towards plastic free campus.
- In MGUMST campus, there is complete ban on single use plastics in class room, labs canteens in the institution's premises and hostels.

### **Landscaping with trees and plants**

- As per the green practices in the campus, MGUMST is moving in the direction of a Green Institution planting more trees within and outside the campus.
- Medication plants and more fruit plants and trees have been planted to clean the atmosphere.
