## **VISION AND MISSION OF MGUMST**

---

### **Vision of the University**

- To develop MGUMST as an Institution of Excellence, at par with Global standards, in the field of healthcare and allied sciences.
- To amalgamate our colleges, departments, students and alumni to impart world class research and education, aimed at making a positive difference in the healthcare at the national and global level.
- To achieve overall development of learners, including character and moral values, by imbibing a culture of inquisitiveness, inclusion, collaboration and innovation.
- To ensure equality amongst diversity in all respects, reflecting the true Gandhian principles, so that everyone gets a fair opportunity and the best of minds and talent may be recognised and allowed to flourish in the ever-changing competitive environment.

### **Mission of the University**

- To develop dynamic, self-dependent and world class Healthcare Institution dedicated in providing the best medical education and clinical treatment.
- To develop the best healthcare practices in the community, with a spectrum ranging from preventive health measures to excellence in tertiary care, with an aim to establish a healthy, disease-free society.
- To enrol students, staff and faculty in various clinical and non-clinical programs based on the principle of merit and impartiality, and without any discrimination of race, sex, non-disqualifying disability, caste, religion, and national or ethnic origin.
- To utilise the latest technology, as well as, to identify the best possible use of upcoming technology such as Artificial Intelligence to predict, prevent and treat various ailments and illnesses before they affect an individual or the community.

## **The Reflection of Vision and Mission of MGUMST in its Different Activities**

---

Mahatma Gandhi University of Medical Sciences and Technology, Jaipur - the first Private Medical University in Rajasthan was established in 2011 by State Assembly vide Act No. 22 of 2011 and approved by the UGC. India Education Trust founded in 1999 by renowned Gynecologist and IVF Specialist Dr. M.L. Swarankar is the Sponsoring Body of the University.

MGUMST aims to:

- To establish an Institute to provide training to create knowledgeable and skilled healthcare manpower.
- Continuously address the healthcare needs of the society and improve the well-being of the people by providing primary as well as advanced health care.
- Establish hospitals including tertiary referral centers, specialty and super-specialty clinics, maternity homes, and RCH centers.
- Establish, Develop and administer educational and research Institutions for Medical, Dental, Nursing and Allied Health Professionals.
- Promote and subsidize activities of other educational Institutions which are catering and improving public health at large.

The India Education Trust is the parent body of Mahatma Gandhi University of Medical Sciences and Technology, Jaipur.

In the year 1999, under the dynamic leadership of Dr. M. L. Swarankar, a renowned gynaecologist and specialist in IVF & Microsurgery, **India Education Trust (IET)** was established. IET was established as a Public charitable Trust with the aim to:

- Continuously improve the health status of people by providing primary as well as advanced health care.
- Establish hospitals including specialty and super-speciality clinics, dispensaries, maternity homes, and RCH centres.
- Develop and administer research and educational institutions including medical, dental, nursing and pharmacy.
- Develop health manpower by creating training centres for medical and allied health care professionals.
- Promote and subsidize activities of other educational institutions which are catering and improving public health at large.

**The constituent Institutions are as follows:**

1. Mahatma Gandhi Medical College & Hospital
2. Mahatma Gandhi Dental College & Hospital
3. Mahatma Gandhi Nursing College
4. Mahatma Gandhi Physiotherapy College
5. Mahatma Gandhi Occupational Therapy College
6. Mahatma Gandhi College of Hospital Administration
7. Mahatma Gandhi Institute of Health Informatics

**Realization of Aims & Objectives and Vision & Mission IET and MGUMST:**

With the above mentioned aims & objectives and vision and mission, India Education Trust (IET) started realizing its journey towards offering quality medical education to masses. As the founders of the trust are stalwarts from the field of medical science and technology, there was always scientific attitude and temperament towards realizing the dream in the form high quality medical education. In 2000, Mahatma Gandhi Medical College & Hospital, Jaipur was established. In 2001, Mahatma Gandhi Nursing School, Jaipur was founded. In 2003, Mahatma Gandhi Dental College & Hospital, Jaipur was set up. In 2005, Mahatma Gandhi Physiotherapy College, Jaipur was established. Mahatma Gandhi Cardiac and Critical Care Centre, Jaipur was started in 2012. Keeping in view, the dire need for medical facilities for the disease like cancer, **Sri Ram Cancer & Super speciality Centre, Jaipur** was established in 2019.

Since the inception of **Mahatma Gandhi University of Medical Sciences and Technology, Jaipur**, IET and MGUMST have been tirelessly striving for excellence in each field of medical education and technology, patient care, and advance research in medical fields. # 1. Dr. A.K. Mathur Congress Chairman ICS 8<sup>th</sup> Congress of Indian Cartilage society 16-17 Dec

## INTRODUCTION MESSAGE

*I am extremely happy to invite you all for the next Indian cartilage society congress to be held at Jaipur. This time we are organising this congress along with Asian cartilage repair society thereby giving double benefit to the delegates as far as academics and exposure is concerned. The theme of congress is REGENERATE NOW .. To PREVENT METAL LATER, indicating that timely intervention for cartilage injuries can prevent need of Joint replacement later in life. Waiting to see you all at this combined congress of ICS and ACRS. Thanks*

**Dr. SAURABH MATHUR**  
President, Indian Cartilage Society

*Dear seniors, colleagues and friends.*

*Its my pleasure to invite you all for the combined congress of the Indian Cartilage Society and the Asian Cartilage Repair Society. Indian Cartilage Society being the only country specific society dedicated to cartilage repair is holding its 8th congress. Holding this congress along with the Asian Cartilage Society in person in Jaipur will be a great experience for all delegates and we are looking forward to welcome you all to this academic feast. The presidents theme of REGENERATE NOW TO PREVENT METAL LATER is more of a challenge to all cartilage scientists to push the bar for cartilage regeneration and this congress will bring to fore the techniques and the challenges faced to ensure that. The organizing team has toiled hard to arrange a great program for you all. So waiting to welcome you all on 16-17th December 2022 in Jaipur, India*

**(How Omega-3 PUFA and ASA influences in Periodontal healing process)**  
 The anti-inflammatory properties of Omega-3 fatty acids in many ways show  
 inhibiting production of arachidonic acid metabolites via the cyclooxygenase and  
 pathways, thus reducing the synthesis of pro-inflammatory arachidonic

# MICROSTEPS TO DEPIGMENTATION -An emerging treatment modality

**INTRODUCTION**

Quality smile is what we all want. The harmony of smile is attributable to the shape, colour, & position of the teeth in conjunction with the gingival tissue.

**MICRONEEDLING**

**CLASSIFICATION**

Smith & et al. 2015 classified pigmented gingiva into two different groups

**MECHANISM OF ACTION**

- Formation of microchannels with resultant healing response
- These microchannels create a confluent zone of superficial bleeding
- Which acts as a powerful stimulus for the release of various growth factors
- Growth factor:
  - PDGF
  - TGF-α and TGF-β1
  - bFGF
- Production of a demarcation current directly
- Triggers a cascade of growth factors
- Which stimulate healing phase Based on the generation of bioelectricity (aiff)

Leads to **Neocollagenesis and neovascularisation**

**Technique can be incorporated with**

- Plasmed rich foam
- Alarbutic acid
- Hyaluronic acid

**CONCLUSION**

The technique is simple, safe, cost effective, well tolerated, less time consuming. Thus gingival microstepping can emerge as an effective minimally invasive treatment modality for management of gingival pigmentation in coming years.

# 1. Dr. A.K. Mathur Congress Chairman ICS 8<sup>th</sup> Congress of Indian Cartilage society 16-17 Dec

## INTRODUCTION MESSAGE

*I am extremely happy to invite you all for the next Indian cartilage society congress to be held at Jaipur. This time we are organising this congress along with Asian cartilage repair society thereby giving double benefit to the delegates as far as academics and exposure is concerned. The theme of congress is REGENERATE NOW .. To PREVENT METAL LATER, indicating that timely intervention for cartilage injuries can prevent need of Joint replacement later in life. Waiting to see you all at this combined congress of ICS and ACRS. Thanks*

**Dr. SAURABH MATHUR**  
President, Indian Cartilage Society

*Dear seniors, colleagues and friends.*

*Its my pleasure to invite you all for the combined congress of the Indian Cartilage Society and the Asian Cartilage Repair Society. Indian Cartilage Society being the only country specific society dedicated to cartilage repair is holding its 8th congress. Holding this congress along with the Asian Cartilage Society in person in Jaipur will be a great experience for all delegates and we are looking forward to welcome you all to this academic feast. The presidents theme of REGENERATE NOW TO PREVENT METAL LATER is more of a challenge to all cartilage scientists to push the bar for cartilage regeneration and this congress will bring to fore the techniques and the challenges faced to ensure that. The organizing team has toiled hard to arrange a great program for you all. So waiting to welcome you all on 16-17th December 2022 in Jaipur, India*
