## Description of adequacy of outpatient and inpatient statistics

Mahatma Gandhi hospitals have OPD, IPD & critical areas with 24 hours running services in emergency. Outpatient services are available daily from 9.00 am to 4.00 pm. Each OPD has separate cabins for faculty members & teaching rooms for clinical teaching-learning. OPD (broad speciality & Superspeciality) have adequate number of patients attending OPD services. Regular clinics in OPD take place for UG & PG students. Around **6 to 7 lacs** patients per year have attended OPD in last 5 years. Average daily OPD attendance is around 2070 giving adequate exposure of common ailments to students. There are 1460 beds for inpatient care. Each Dept has bed strength as per requirement of Statutory Council. Average daily IPD is **147** patients. Around 55000 to 60000 patients per year have been admitted in last 5 years. Average daily IPD is 203 patients. Regular bed side teaching for students carried out in various wards by faculty members for training of students in bed side clinical skills. Around 9000 – 10,000 major surgeries/ year while close to 19,000-20,000 minor surgeries per year are done in Mahatma Gandhi Hospital. This allowed students to get adequate training in surgical skills. There are 200 beds in ICUs with almost 100% occupancy providing adequate learning exposure for students in management of acutely ill patients. Around 5000 Laboratory investigation, around 300 X-rays, close to 200 Sonography, around 50 CT scan and around 35 MRI investigations are done daily. Students of all courses get opportunity to learn interpretation of the investigations.

**PRESIDENT**  
Mahatma Gandhi University of
