Landscaping with trees and plants

MGU regularly conducts trees plantation initiatives for enhancing the green landscape of the university campus and nearby areas. Ownership practice is followed for maintenance of the planted trees. The entire campus is dotted with trees, plants, and lawns which are kept well maintained. Green cover on the campus is around 48%. We have an in-house greenhouse and nursery where we nurture plants for later usage in the campus

Any other relevant information

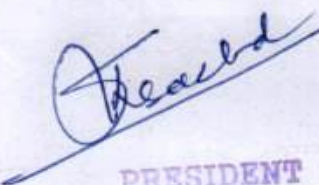

Paperless Office

To continue the legacy of MGUMST as a green and paperless campus, except for the documents like statutory approvals, agreements, account statements, and other dealings with legal matters, only electronic documentation is maintained. All types of communication to faculty members and students are done through e-mails, ESP, ERP and SMS. Initiatives are taken to conduct paperless examination using e-pads.

7.1.5 Green campus initiative facilities available in the institute

- 1. Restricted entry of Automobiles**
- 2. Battery powered vehicles**
- 3. Pedestrian friendly pathways**
- 4. Ban on the use of Plastics**
- 5. Landscaping with trees and plants**

Restricted entry of Automobiles

As a part of Green Practices University encourages the use of bicycles and public transport. Students and staff have been facilitated to use the bicycle in the premises. MGU is situated near the NH-8. To ease the conveyance facility for the commuters, bus stop was established in front of the main gate of the institution. Owing to this, most of the day scholars and faculty members use public transport for daily commute. Other commuters use shared transport. Jaipur City Transport Services Ltd (JCTSL) also provides city bus services (Bus No 19,95) from Jaipur to MGU campus

Battery powered vehicles

An electric cart is also available to move around in the campus. Electric cart is available to help patients, senior citizens and any one unable to move walking.

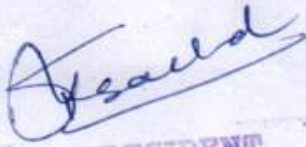

Pedestrian friendly pathways

The roads inside the campus, as well the approach roads, are provided with wide sidewalks. Further, tree lines are planted along these sidewalks, thereby providing shades. At every crossing, clear road marks have been painted and wherever required, marked speed breakers have been provided for safe pedestrian crossing. Student volunteers and security personnel regulate the traffic during rush hours

Ban on the use of Plastics

As an eco-friendly campus, the university restricts the usage of non-biodegradable products and the major step towards its preservation is banning the use of plastic in any form on the campus.

We encourage the use of Paper cups Paper and jute bags prepared out of recycled material.

GREEN CAMPUS INITIATIVE
(Car Pool)

As a part of Green Campus Initiative, it has been decided to encourage Car Pooling among the faculty members, residents, PG residents, students and all the employees of the Mahatma Gandhi University of Medical Sciences & Technology, Jaipur. It shall not only cut down the number of one passenger cars on the roads but also deal with growing traffic problem. By encouraging car pooling we shall be able to reduce noise & air pollution and carbon footprint in the environment of the campus, as well as the number of patients having respiratory, skin or ophthalmic problems. It shall also help to deal with parking problem on the campus.

To begin with, car pooling can be done at least on one day in a week. Cooperation of everyone in the car pooling initiation is expected.

In view of the above, all the faculty members, PG residents, students and all the employees of the MGUMST are advised to pool their vehicles with the fellow colleagues/friends of same route while coming to hospital/MGUMST campus on all **Saturdays**.

Strict compliance of car pooling as above is desired.

GREEN CAMPUS INITIATIVE
(Ban on single use plastic)

Most of our plastic ends up in land-fills, oceans and water ways and the environment. Plastics do not biodegrade. Instead they slowly breakdown in the smaller pieces which contaminate our soil and water. Efforts to reduce our dependence on single use plastics is the only solution. Ban on the use of non-recycled plastic bottles, plastic straws, carry bags, food wrapping plastic films is the need of the hour.

Keeping in view the above and Green Campus Initiative, all the faculty members, staff, PG residents, students and all the persons residing in the campus should restrict the use of "Single Use Plastics" in side the campus. All the vendors, shop keepers and canteen in-charges in the campus must immediately stop the use of single use plastics in the University premises.

Strict ban on single use plastics - water bottles, carry bags, food packings etc. has to be ensured by all concerned. If any noncompliance is seen in this regard and anyone found selling, bringing or possessing any of "Single Use Plastic" article/material in the University premises, it will be considered as violation of these instructions and appropriate action will be taken against the agency and/or the person concerned.

Project	: Environment Audit for Mahatma Gandhi University of Medical Sciences & Technology
Promoter	: Mahatma Gandhi Medical College & Hospital

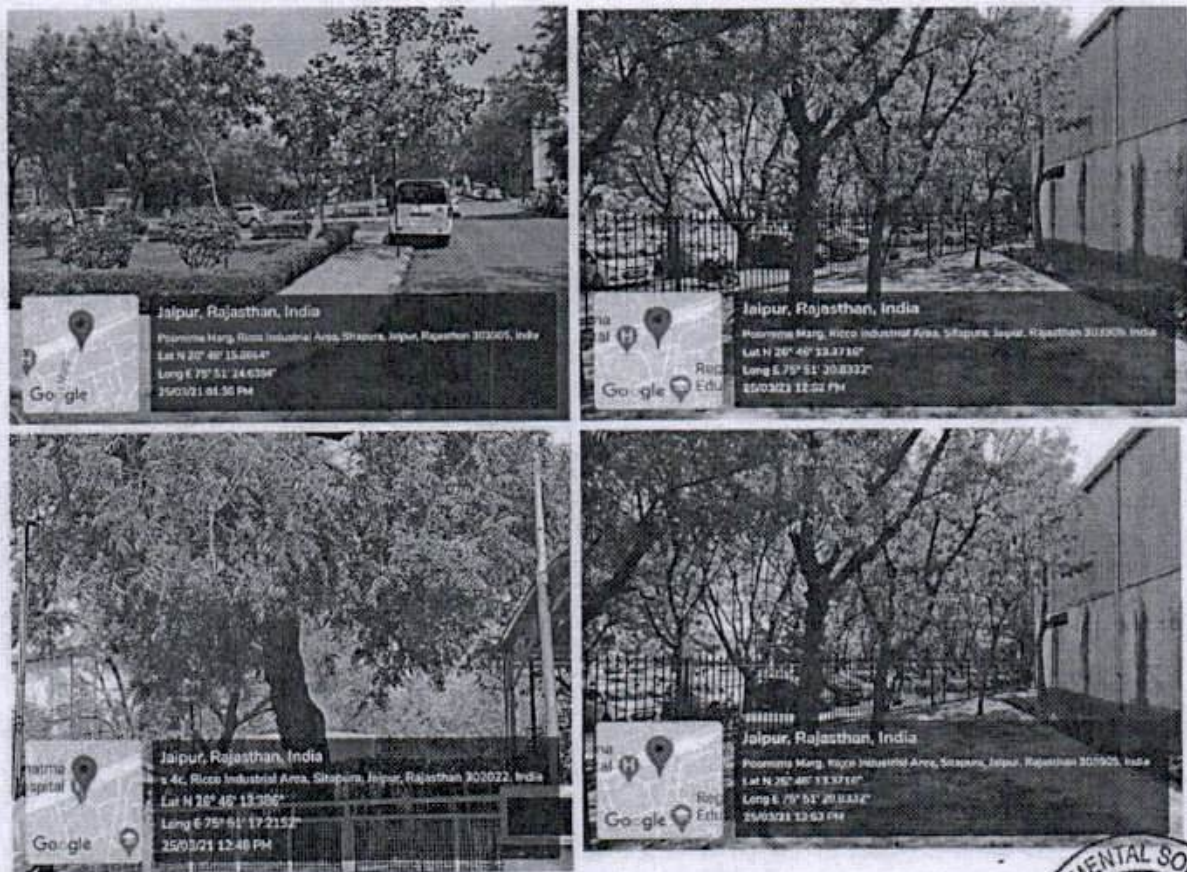

V. GREEN AREA

This includes the plants, greenery and sustainability of the campus to ensure that the buildings conform to green standards. This also helps in ensuring that the Environmental Policy is enacted, enforced and reviewed using various environmental awareness programmes.

Observations

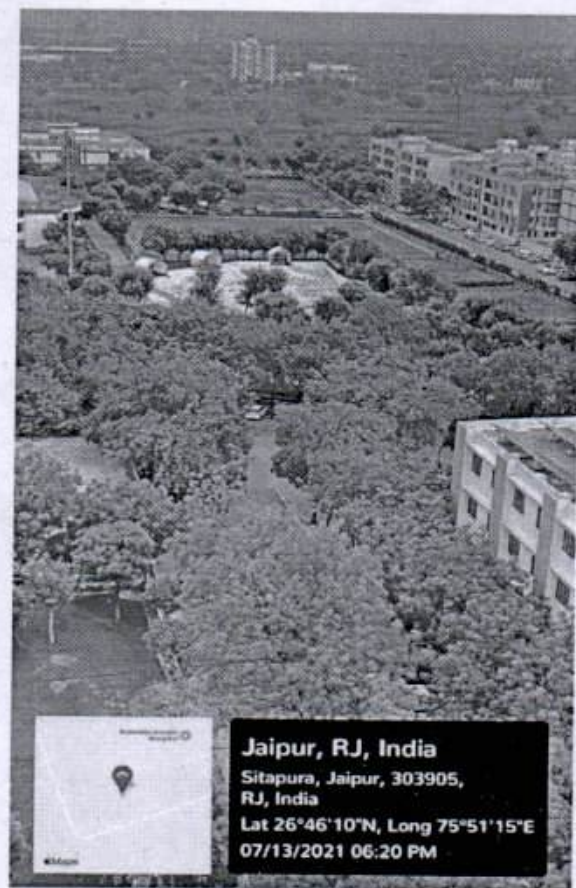

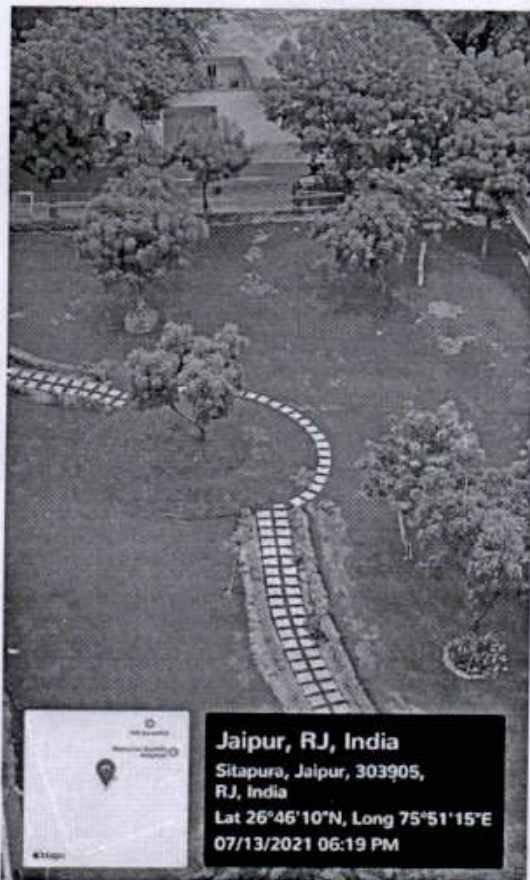

Project is located in the vicinity of many trees (species) to maintain the bio-diversity. Approx 1969 nos. of trees are in project which includes various species.

A group of 500 students has been made as green army which includes activities like tree plantation drives, cleanliness drives, poster making competition and other activities are done on a regular basis to inculcate the feeling of awareness for the environment. A concept of tree adoption has been started in the campus where the students along with the gardeners would take care of the plants.
